Appl. No. 10/561,755 Amdt. dated February 15, 2008

AMENDMENTS TO THE SPECIFICATION

Please replace paragraph [0001] and with the following amended paragraph [0001]. Please also delete paragraph [0008] from the specification.

[0001] The invention concerns a bearing between components of a construction machine, particularly on the boom of excavators, loaders, cranes, etc. whereby two or more components are articulated at a bearing point.
